EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In the claims:

Claim 1, line 3, the phrase "said weight comprising" has been changed to --said combination comprising--.

Claim 1, line 4, the phrase "a tubular body" has been changed to --said tubular body--.

The above changes were done to clearly define the invention in terms of a combination-type claim and to maintain proper antecedent basis.

Claim 2, line 1, the word --first-- has been inserted before the word "portion".

Claim 2, line 2, the word "first" before the word "passage" has been deleted.

The above changes were done to correct a minor typographical error and clearly recite that "said first portion of said passage having said non-circular constriction" is being claimed and to maintain proper antecedent basis.

Claims 2, 3, 4, 5, 6, 7 and 8, line 1, the phrase "The weight" has been changed to --The combination--.

The above change does to clearly indicate that a combination-type claim is being recited and to maintain consistency with the preambles.
